## **STANDARD CONSENT**

When a patient seeks Chiropractic health care, and we accept a patient for such care, it is essential for both doctor and patient to be working towards the same objective. Chiropractic has only one goal. It is important that each patient understands both the objective and the method that will be used to attain it. This will prevent any confusion or disappointment.

Adjustment: An adjustment is the specific application of forces to facilitate the body's correction of vertebral subluxations. Our chiropractic method of correction is by specific adjustments of the spine.

Health: A state of optimal physical, mental, and social well-being, not merely the absence of disease or infirmity.

Vertebral Subluxation: A misalignment of one or more of the 24 vertebra in the spinal column which causes alteration of nerve function and interference to the transmission to the transmission of mental impulses, resulting in a lessening of the body's innate ability to express its maximum health potential.

We do not offer to diagnose or treat any disease or condition other than vertebral subluxation. However, if during a Chiropractic spinal examination, we encounter non-chiropractic or unusual findings, we will advise you. If you desire advice, diagnosis, or treatment for these findings, we will recommend that you seek the services of a health care provider who specializes in that area.

Regardless of what the disease is called, we do not offer to treat it. Nor do we offer advice regarding treatment prescribed by others. Our only practice objective is to eliminate a major interference to the expression of the body's natural ability toward self-healing. Our only method is specific adjusting to correct vertebral subluxations.

Any procedure intended to help may also do harm. While chiropractic procedures done in this office are usually considered remarkably safe and effective, please understand there are occasional and rare complications which have been documented. While the chances of experiencing these complications are extremely small, it is the practice of this office to fully inform and educate all our patients about them. Cervical manipulations have rarely caused injuries to the small blood vessels that go to and from the upper neck to the brain. The risk of this occurring is thought to be one in three million to one in fourteen million, according to several studies. These other complications include but are not limited to:

pain	burns	swelling	sensory changes
soft tissue injury	bruising	bleeding	stroke (CVA)
discoloration	fracture	dizziness	inflammation
disc injury	nausea	weakness	soreness

By signing below, I understand that there is no guarantee or warranty of a specific cure or result. I understand that I can request specific additional information from the doctor regarding treatment risk. Given this information, I consent to care.

### **FINANCIAL POLICY**

**MISSED APPOINTMENT:** Your time is important, as is ours. A \$50.00 fee will be charged to all accounts that miss an appointment without 24-hour notice. All cancellations and reschedules must be made by calling or texting. NO emails. This is not a fee that can be submitted to your insurance.

**INSURANCE:** Current insurance MUST be present at the time of service. All claims will be submitted to your insurance carrier unless otherwise specified. Great Lakes Chiropractic will not go back to correct claims processing because of missing or invalid insurance for primary or secondary policies. We will not quote coverage or benefit levels or guarantee that your insurance company will cover the services we have provided. If you have questions, please call your insurance carrier directly.

I understand and agree that health and accident insurance policies are an arrangement between an insurance carrier and myself. Furthermore, I understand that Great Lakes Chiropractic will prepare any necessary reports and forms to assist me in making collection from the insurance company and that any amount authorized to be paid directly to Great Lakes Chiropractic will be credited to my account. However, I agree that I am personally responsible for all services not paid for by my insurance. I am also responsible for any annual deductibles applicable, copayments, or non-covered services as may be required by my insurance plan. I also understand that if I suspend or terminate, any fees for professional services rendered to me will be immediately due and payable.

In the event your insurance does not process a claim, or they reverse previously processed claims for any reason, we will not go back more than 90 days to re-submit claims. You will be financially responsible for the self-pay office visit rate for all appointments older than 90 days.

**RELATIONSHIP TO PATIENT** 

**COPAYS:** Co-payments are due on the day of your appointment.

SECONDARY/SUPPLEMENTAL INSURANCE: Please inform us of any secondary insurance you may have.

**MEDICARE:** We do accept Medicare. Medicare covers manual manipulation of the spine *only*. All other services are NOT covered. These services include, but are not limited to x-rays, examinations and therapies. You are required to pay any deductible and remaining balance after Medicare processes your claim.

**WORKER'S COMPENSATION/PERSONAL INJURY:** Please inform us immediately if you are injured on the job or are involved in an accident. We will work with you to manage your care and submit your fees.

**SELF-PAY RATE/NO INSURANCE:** For patients who carry insurance in which we are not in-network or for patients who do not wish to submit claims to their insurance company, we offer a self-pay office visit. This charge will be due at the time of your appointment.

**CARD-ON-FILE:** All accounts are required to have a credit card on file to cover fees, co-pays, co-insurance and deductibles. See separate form.

**COLLECTIONS:** Unpaid balances of five months or more will incur an 8% of the outstanding balance late fee per month. After nine months, the account will be turned over to a collection agency.

I have read and understand the Financial Policy of Great Lakes Chiropractic of St. Michael. I understand that I am responsible for all services not paid for by my insurance including deductibles, copayments, or non-covered services. I am also responsible for any fees incurred.
